Professionally, I think of my self as competent in Performing the Following:

- Endodontic treatment, having considerable experience in Ni-ti and variable closure systems as “*Lateral condition technique*”, “*system B*” and “*Thermafil*”
- Dental implantation, having significant experience in using different international systems (*Branimark, Astra Tech, Ankylos/Dentsply and ITI/ Straumann*) dental implant systems
- End-osseous and immediate prosthetic loading implantation techniques.
- Bone grafting
- Small and large lifting of maxillary sinus

Personally, I think of myself as:

- Ambitious and hard worker
- Interested to work effectively in a team
- Highly motivated to cooperate with colleagues on research projects
- Having fair communication skills
- Flexible in dealing with workloads
- Used to cope with stressful situations and undertake responsibility
- Able to organize my own time
